Professional Summary

Enthusiastic React Developer with internship experience in building responsive and scalable web applications. Skilled in HTML5, CSS3, JavaScript, TypeScript, React.js, Next.js, Node.js, Express.js, with database knowledge in MongoDB and PostgreSQL. Proficient in modern styling frameworks like Bootstrap, Tailwind CSS, and Material UI, and experienced with Git, GitHub, and VS Code. Strong foundation in C++ and C, with a passion for solving problems and learning new technologies.

Experience

React Full Stack- Intern 📍 Indore (On-site)

Alit Technologies 📅 07/2025 - 09/2025

- Completed a 3-month internship focusing on React Full stack development.

Web Developer Intern 📍 Online

CodSoft 📅 08/2024 - 09/2024

- Completed a 1-month internship focusing on web development

Web Developer Intern 📍 Online

TechnoHacks 📅 09/2024 - 09/2024

- Completed a 1-month internship focusing on web development

AICTE AI/ML Internship 📍 Online

EduSkills and Google 📅 04/2024 - 06/2024

- Participated in a 10-week AI-ML virtual internship supported by India Edu Program Google for Developers

EDUCATION

Patel Colege of science and technology, Indore, MP 📅 June 2024
Bachelor of Technology (Computer Science & Engineering). **CGPA 7.88**

Saraswati Vidhya Mandir (CBSE) Mukherjee Nagar Dewas. 📅 2020
XII (PCM) 68%

Saraswati Vidhya Mandir (CBSE) Mukherjee Nagar Dewas. 📅 2018
X 74%

Soft Skills

Problem-Solving

🔧 Adept at problem-solving and quick to adapt to new challenges

Team Collaboration

👥 Works collaboratively in a team environment to achieve shared goals

Adaptability

💻 Ability to adapt and respond to new situations and challenges

Time Management

🏆 Effectively manages time to meet deadlines and prioritize tasks

Certification

React FullStack Internship

Completed a 3-month internship focusing on React Full stack development.

Flipkart GRiD 5.0

Unstop Certificate of Participation ECommerce & Tech Quiz of the Flipkart GRiD 5.0 - Software Development Track organised by the Flipkart

Geekster Javascript Fundamentals

Geekster Certificate of Mastering Javascript Fundamentals

Barclays GTT Foundation

Barclays LifeSkills Programme conducted by GTT Foundation, Pune.

Projects

Interactive Receipt Management System:- Developed a single page application for comprehensive receipt data entry and management using React.js (Vite), Typescript, Tailwind CSS and MUI.

- This project involved designing a robust CRUD workflow with key features like auto-generated IDs, a highly efficient, in-line editable grid for dynamic line-item entry, and real-time calculation logic for totals and net amount. The application state was managed entirely client-side, using Typescript for type safety and Local Storage for data persistence.
-

Weather website: HTML5, CSS3 (Responsive Design), Vanilla JavaScript (ES6+), External Weather API (e.g., OpenWeatherMap).

- Developed a fully responsive, mobile-first weather dashboard using asynchronous JavaScript to integrate a public API via fetch, delivering real-time weather data, city search functionality, and robust error handling for a seamless user experience.
-
